## QUAYLE ACTION

This application is in condition for allowance except for the following formal matter of canceling non-elected claims.

### *Election/Restrictions*

Newly submitted claims 13-14 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 13 and 14 are drawn to an apparatus while the claims originally presented in this application are product claims. The inventions in this relationship are distinct if either or both of the following can be shown: (1) that the apparatus as claimed is not an obvious apparatus for making the product and the apparatus can be used for making a different product or (2) that the product as claimed can be made by another and materially different apparatus (MPEP § 806.05(g)). In this case the apparatus is simply a "means for pressing" and therefore can be used for making any different product that requires pressing (e.g. laminates other than those claimed). While it is noted that the apparatus claims recite the product to be pressed, the inclusion of a recitation of the product in apparatus claims does not affect the patentability of the apparatus itself. See MPEP 2115. It also appears that applicant has invoked 35 U.S.C. 112, sixth paragraph, interpretation of claims 13-14 through the use of means-plus-function language in the apparatus claims (see "means for pressing" in claim 13, line 2). Barring cancellation of these claims, applicant should show support for means-plus-function language. See MPEP 2181.

Art Unit: 1775

Since applicant has received an action on the merits for the originally presented invention, the invention of claims 1-12 and 15 has been constructively *elected by original presentation* for prosecution on the merits. Accordingly, claims 13-14 have been withdrawn from consideration as being directed to a *non-elected* invention. See 37 CFR 1.142(b) and MPEP § 821.03. In response to this Quayle Action, applicant must cancel the non-elected claims or take other appropriate action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213. A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
